C                G                D                E<sup>m</sup>                (C)

The sun comes up, it's a new day dawning

(C)                G                D                E<sup>m</sup>

It's time to sing your song again

(E<sup>m</sup>) C                G                D                E<sup>m</sup>                (C)

What ever may pass and whatever lies before me

(C)                G                D                G

Let me be singing when the evening comes

You're rich in love and you're slow to anger

Your name is great and your heart is kind

For all your goodness i will keep on singing

10,000 reasons for my heart to find

And on that day when my strength is failing

The end draws near and my time has come

Still my soul will sing your praise unending

10,000 years and then forever more
